

News From Thrive

Spring 2 2026

Following our half-term break, it was lovely to be welcomed back by the daffodils. We are really enjoying watching our garden area change, and hope you are too.

In addition to our academic learning, this half term we have enjoyed creating crafts for Chinese New Year and celebrating World Book Day. We have listened to stories by Julia Donaldson and used puppets to retell some of these. We also particularly enjoyed making Gruffalo cakes and painting outside using our own magic paintbrushes.

More recently we have started to think about what is in 'Our Local Area' and have been enjoying role play in the Doctors'/Dentists' surgeries! We are also busy creating our own shared version of our local area using lots of different materials and techniques.

Don't forget our Easter Stay and Play this Friday! We look forward to seeing you there.
