

News From Thrive

Summer 2 2026

What a fantastic year we have had in our new Base! We hope you have enjoyed visiting at our Stay and Play sessions, and we look forward to more in the next academic year.

In addition to our academic learning, this half term we have spent more time outdoors identifying the different trees we have within our school grounds and exploring which minibeasts can be found in our Forest School, Nature Area and Thrive Garden. We have been creative with leaf printing, tree collages, bark rubbing and making flour faces. We have also enjoyed making yummy birds nest cakes.

We've made the most of the sunshine and the children have been enjoying the sand and water trays, whilst also ensuring our lovely garden area is free from litter - good work everyone!

Thank you so much for
your continued support.
Have a lovely summer!
