

## 1 minute Maths

1-Minute Maths is a fast and fun game that helps children gain confidence and skill with numbers. It includes easy-to-follow tasks - each one teaching basic numbers - delivered in engaging, bite-sized chunks using a method children can enjoy.

Each 1-minute task provides engaging and targeted practice in basic number. The app generates questions randomly, so the user never sees the same ones in sequence – meaning they learn the concept and not a series of answers. Once a task completes, the results are presented on the screen, giving instant feedback. It's so simple to use and, most of all, lots of FUN!

Our top 10 reasons for using 1-Minute Maths:

1. Excellent number practice with no distractions.
2. Enjoyable tasks children want to complete.
3. Instills basic number concepts during early years.
4. A clear process that children pick up immediately
5. No login or internet access needed. Download and play!
6. A motivator – children enjoy trying to beat their last score!
7. Helpful hints give support when needed.
8. Brilliant for building confidence and fluency.
9. Random question generator instills concepts, not answers.
10. Completely FREE to download!
