

News From Thrive

Autumn 1 2025

This half term we have enjoyed getting to know each other and settling into our lovely new base and garden area.

We started our 'All About Me' topic by decorating biscuits and making collages for our new room. These look great on display and thank you grown ups for providing the photos for this.

As a group we have been enjoying the outside area - playing hide and seek, football and using the outdoor gym equipment. We are all becoming more green fingered with our new garden area, and have been busy planting bulbs. We are enjoying watering them, and look forward to seeing them grow.

Thank you once again for attending our Thrive Breakfast - we hope you enjoyed sharing our lovely new kitchen area with us.
